On May 4, 2023, Mind Medicine (MindMed) Inc. (the “Company”) held a conference call to provide a corporate update and review the Company’s results for the quarter ended March 31, 2023. The following excerpts from the script for the conference call relate to the Company’s 2023 Annual General Meeting of Shareholders:

Rob Barrow:

I would also like to highlight that as we approach our annual meeting in June, we are very excited by the potential of adding Dave Gyska to our Board. Dave brings invaluable insights from his 35 years of experience in the biopharma industry, including his service as CFO of two S&P 500 pharmaceutical companies – Incyte and Celgene. Dave also previously served on the Board of GW Pharmaceuticals before its acquisition by Jazz Pharmaceuticals for \$7.2 billion and serves on the Board of Seagen which recently agreed to be acquired by Pfizer for over \$43 billion. Dave’s nomination represents our ongoing commitment to Board refreshment and ensuring we have the optimal mix of experience and perspectives in the boardroom to help the company create value. I believe Dave’s involvement is an endorsement of our incredible people and organization we’ve built at MindMed, as well as the potential impact of our products on the millions suffering from brain health disorders.

And we will not be addressing matters related to our annual meeting. We encourage all of our shareholders to review our definitive proxy statement that has been filed with the SEC and on SEDAR and visit www.protectmindmed.com for updates pertaining to our proxy campaign.

Although management of the Company considers these assumptions to be reasonable based on information currently available to it, they may prove to be incorrect.

There are numerous risks and uncertainties that could cause actual results and the Company's plans and objectives to differ materially from those expressed in the forward-looking information, including history of negative cash flows; limited operating history; incurrence of future losses; availability of additional capital; changes in market conditions; lack of product revenue; compliance with laws and regulations; changes in government policy; difficulty associated with research and development; risks associated with clinical trials or studies; heightened regulatory scrutiny; early stage product development; clinical trial risks; regulatory approval processes; novelty of the psychedelic inspired medicines industry; as well as those risk factors discussed or referred to herein and the risks described in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2022 and the Company's Quarterly Report on Form 10-Q for the fiscal quarter ended March 31, 2023 under headings such as "Special Note Regarding Forward-Looking Statements," and "Risk Factors" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" and other filings and furnishings made by the Company with the securities regulatory authorities in all provinces and territories of Canada which are available under the Company's profile on SEDAR at www.sedar.com and with the U.S. Securities and Exchange Commission ("SEC") on EDGAR at www.sec.gov.
